

Internet Users Analysis

DIGITAL DIVIDE: WHO GETS ONLINE?

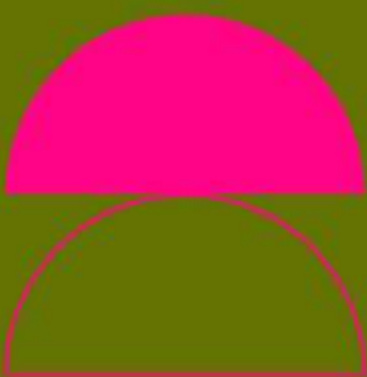

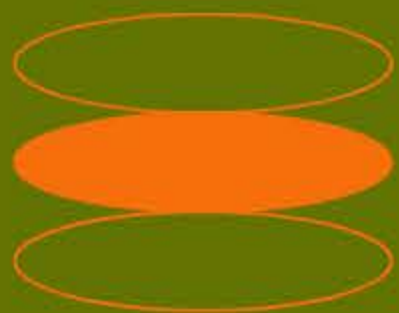

In Kenya, **only 48%** of the population are internet users by 2025, while refugee camps report **72%** 3G coverage, highlighting the disparity in access.

REFUGEE WOMEN CHALLENGES

Refugee women need better digital literacy training.

Access to devices is crucial for empowerment.

Women face barriers to accessing technology.

Empower women through technology to bridge the digital divide!

Kenya's Gender Equality Gaps (2022)

22.6%

Women in Parliament hold only 22.6% of seats, highlighting the stark underrepresentation of women in leadership roles. This lack of female voices in political decisions further exacerbates gender inequality across the country.

"Refugee women aren't even counted."

Equal Measures

The infographic reveals critical insights into gender equality gaps in Kenya, emphasizing the **disparities** faced by women. With alarming statistics on **marriage, representation, and rights**, it showcases the urgent need for action to support vulnerable refugee women.

23%

23% of girls are married before the age of 18, denying them essential opportunities for education and empowerment, perpetuating the cycle of poverty and inequality.

0%

Abortion rights remain **restricted**, highlighting significant barriers to women's health and autonomy, further marginalizing those in vulnerable situations like refugee women.

0%

The current status of abortion rights indicates a concerning lack of choice for women, particularly affecting refugee women who may face additional challenges in accessing health services.

0%

With 0% representation in essential aspects of reproductive rights, many women face significant challenges that hinder their ability to live empowered lives and make informed choices.

Addressing gender inequality is crucial for the future of Kenya. Understanding these statistics offers insight into the challenges faced by women, particularly **refugees**, who often remain invisible in policy discussions. Collective efforts are required to advocate for their rights and representation.

Empower women, change Kenya!

LIMITED DEVICES

Few have access to smartphones or computers.

BARRIERS TO ACCESS

High costs prevent many from connecting online.

DIGITAL LITERACY

Skills needed for online use are lacking.

ECONOMIC CONSTRAINTS

Financial resources are needed for digital access.

CONCLUSION

Address barriers to empower refugee women digitally.

SOCIAL NORMS

Cultural expectations restrict women's digital engagement.
